What is RUOK ?

RUOK is a completely voluntary program designed to enhance public safety.

As we all know: **All Emergencies** begin and end locally! (in our back yards).

R.U.OK? Provides your confidential and personalized information, through a Town maintained database, to local Fire, Police and EMS. To enable swift, appropriate rescue and medical support and assistance for those citizens requiring special consideration.

U. S. Homeland Security has directed that efforts need to be made to insure that local Emergency Responders; Fire, Police and Ambulance services, are prepared to meet individual needs in all circumstances.
